"I am pleased to say that I have been cared of catarrh of the siomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hariman and his wonderful medicine.

### SERMON OVER 'PHONE.

Three Hundred and Twenty-Six Pam-ilies Are Placed in Connection
—A Unique Plan.

Paris, March 12 — Probably the most unique service ever conducted by a north Missouri preacher was that by Rev. Kimbrell, a Presbyterian preach-er, whose bome is at Madison, a thrivtown west of Paris, last year.

He had an appointment at a church in the country. The roads were much dy and practically impassable. The minister found it impossible to make the trip in time for the regular service. In the midst of his perplexities he remembered that practically every vice. In the midst of his perplexities he remembered that practically every family in the neighborhood in which he expected to preach could be reached from the central telephone office at Madison.

When mothers take Scott's Lon Williams, of Scott county, at tracted the attention of the House by introducing the following resolution, which passed unanimously:

He laid the matter before R. E. Western, manager of the system, and was tendered free use of the wires. In the central office more than a dozen lines are connected with the switchsoard. A little work on the part of Manager Western threw all these ines open at once and he extended an nvitation to the 326 families along

church service Rev. Kimbreil was preparing to conduct.

At 7:30 last olght Manager Western gave the signal and in leaff a minute the receivers to 226 homes were taken down. The widely scattered congregation could not resist the tempation to appliand heartily at the emclusion of each song by the choir, while the ferwent prayers of Rev. Kimbrell evoked carnest amens from some of the old brethren, who were with him in spirit though half a county lay between them.

The sermon had the undivided attraction at the conducted in the Senate the bill establishment and the undivided attraction. It turned to the Senate the bill establish in said 'Jim Crow,' and the Hoo. John Pelee Crisp, of Jackson county, is his step-father, and that the said 'Jim Crow' is the joint heir of both, and entitled to all the rights and privileges as such heir."

The mest bitter discussion was provoked by the reading of the following message explaining his action:

To the President of the Senate the bill inner days. It was introduced in the Senate the House by Representative Harris.

In forwarding the bill to the Senate the provision of the said 'Jim Crow' is the joint heir of both, and entitled to all the rights and privileges as such heir."

The most bitter discussion was provoked by the reading of the following letter from J. W. McClure, a prominent business man of Sedalia.

"In a few days perhaps you will be called upon to vote for or against the providing for the establishment and maintenance of a binding-twine plant.

The sermon had the undivided attention of all. Not a word was spoken during its delivery and no attempt at interruption was made. The preacher rates it one of the most impressive services he ever conducted and is convinced that some at least out of the hundreds of families represented in his unique coogregation were spiritually benefitted.

Some idea of the wide distribution of this unique audience may be had from the fact that 300 miles of wire distribution value of the General Assembly, by practically a unanimous vote. I shall not inly a unanimous vote. I shall not interpose objection.
